Heimgard
Technologies

How to get started?

How to get started

Step 1:

🏠 Demo units for initial testing
- ▶ Smart Router
- ▶ Smart Mesh
- ▶ Smart home devices

🏠 Direct access to advanced technical support

Step 2:

🏠 Project team is set up from both sides
- ▶ Project leader
- ▶ Technical support
- ▶ Operations
  - ▪ Logistics
  - ▪ Refurbish
  - ▪ Spare parts

🏠 Define scope of work (SoW)

Step 3:

🏠 Integration and pilot testing
- ▶ ACS /BSS integration
  - ▪ Product and services defined
  - ▪ Technical team from both sides work together
- ▶ Testing of units (defined sample size)
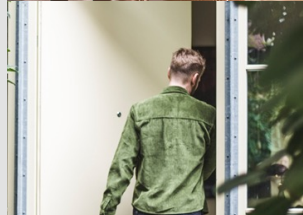

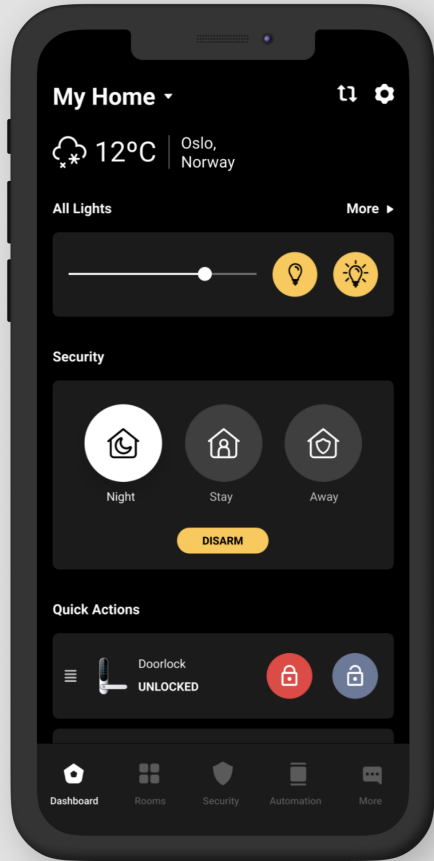

What we can provide

Training

- Technical training for your tech team
- Training of your sales staff
